CHITALDRUG DISTRICT.

Notification dated 27th October 1923.

It is hereby notified for general information that the exclusive right of collecting Tangadi (Cassia ariculta) and Kakke (Cassia fistula) barks on all Government unoccupied lands and State Forests for the period ending 30th June 1925, in the Bharmasagra hobli of the Chitaldrug Taluk will be resold at 2 P.M. on the 30th November 1923, in the District Forest Office, Chitaldrug, at the risk of the original purchaser, subject to the conditions specified in the detailed Notification dated 7th April 1923, published at pages 242—243, Part VI of the *Mysore Gazette* dated 26th April 1923, since the original purchaser has failed to execute the agreement with necessary surities as per condition 9 of the said Notification.

P. WOOTHIA,
District Forest Officer.

ENGINEERING DEPARTMENT.

PUBLIC WORKS DEPARTMENT.

FORM OF ADVERTISEMENT.

Dated 2nd November 1923.

Notice is hereby given that sealed tenders will be received at the office of the Executive Engineer, Special Water-Supply Construction Division, up to 12 noon of 30th November 1923, for improving water-supply to Kolar Town. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of 30th June 1924.

2. The plans, detailed estimate and conditions may be seen at the Executive Engineer's Office at Bangalore between the hours of 11 A.M. and 5 P.M. on working days.

3. Tenders should be submitted on printed forms which may be obtained from the Executive Engineer. The tenderers are to tender either at estimate rates or so much per cent above estimate or so much per cent below estimate for the whole work. They have not to give rates for each and every item of the work separately. They have simply to state if they can do the whole work at estimate rate, if not how much per cent below estimate or how much per cent above estimate they are prepared to do the whole work. Tenders which are not in this form will strictly be rejected. For their guidance, rates and quantities are given in the accompanying statement.

4. Charges on account of scaffolding materials, implements for setting out, barricading, clearing site, supply of water, etc., that may be found necessary during execution will not be paid for separately but should be borne by the contractor.

5. Each tender must be accompanied by a deposit of Rs. 500 in cash or Government Promissory Notes, as earnest money, and be superscribed "Tender for improving Water-Supply to Kolar Town in the form prescribed in para 3," in default of which, tenders will be rejected.

6. The final acceptance of any tender will rest with the Irrigation Chief Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

7. Within eight days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond; in default of which, his tender will be considered cancelled and his earnest money will be forfeited.

8. The name of successful competitor whose tender has been accepted, will be posted on the notice board in the Executive Engineer's Office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

9. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.
